

Mahesh Zagade, IAS

Transport Commissioner,

Maharashtra, 4th Floor,Administrative Building, Bandra(E) Mumbai-400 051

Dated: 12/01/2015

To All RTOs,

I have been giving clear instructions to all of you through every meeting that we had in the past and have also made it mandatory through written communication to get rid of the Agents in the Transport Offices. You all are officers of a strong administrative background and have history of capacity to achieve difficult administrative feats during your career so far. I had expected that you would accomplish it immediately as this isn't a very difficult task as these agents can't sustain and flourish without the active and passive connivance of the local staff and it could be easily achieved if that connivance is terminated forthwith. This is within the domain of your administrative responsibilities.

You are hereby directed to send written reply before 17/01/1015 that you have completely eliminated presence of agents from the system. I will visit your offices incognito from 19/01/2015 and warn you that instant disciplinary action would be taken if this anti-people and undemocratic practice is found to be in existence in your jurisdiction.
